**Today's History Lesson (\*)**

*Noted scholar and historian Hammon Egger, who is part of the ALZ staff, recently released this to the History Journal and allowed a reprint here.*

*Professor Egger stated that he discovered this data while examining ancient texts recently uncovered in caves in Iraq. He had to use the Rosetta Stone and other dead language texts to decode what the stone tablets were trying to relate. He matched up the old data with other historic texts. Here is the information for your perusal. Thanks Doc.*

The Human Race originally existed as members of small bands of nomadic hunters/gatherers. They lived on deer/elk/squirrels in the mountains during the winter and would go to the coast and live on fish/clams/lobster in the summer.

**The two most important events in all of history were the invention of beer and the invention of the wheel.** The wheel was invented simply to get man to the beer, period. These were the foundation of modern civilization and together were the catalyst for the splitting of humanity into two distinct subgroups:

1. Liberals
2. Conservatives

Once beer was discovered, it required grain and that was the beginning of agriculture. Neither the glass bottle nor aluminum can were invented yet, so while our early humans were sitting around waiting for them to be invented, they just stayed close to the brewery. That's how villages were formed.

Some men spent their days tracking and killing animals to BBQ at night while they were drinking their beer. **This was the beginning of what is known as the Conservative movement.**

Your Basic Conservative

Your Basic Liberal

Other men who were weaker and less skilled at hunting learned to live off of the conservatives by showing up for the nightly BBQ's and doing the sewing, fetching, clean-up, and hair dressing. **Some of these liberal men eventually evolved into women. The rest became known as girliemen. This was the beginning of the Liberal movement.**

Some noteworthy liberal achievements include the domestication of cats, the invention of group therapy, the purse, the tampon, group hugs, and the concept of Democratic voting to decide how to divide the meat and beer that Conservatives provided.

Over the years Conservatives came to be symbolized by the largest, most powerful land animal on earth, the elephant. Liberals are symbolized by the jackass...well deserved that.

Modern liberals like wine spritzers, Shirley Temples, Daquiris, and Perrier. They eat raw fish but like their beef well done. Sushi, tofu, Quiches, and French food are standard liberal fare.

**Another interesting evolutionary side note: most of their women have higher testosterone levels than their men. (See ALZ story on Liberal Angst Revealed). Most social workers, personal injury attorneys, journalists, dreamers in Hollywood, and group therapists are liberals. Liberals invented the designated hitter rule because it wasn't fair to make the pitcher also bat.**

Conservatives drink domestic beer. They eat red meat and still provide for their women. Conservatives are big-game hunters, rodeo cowboys, lumberjacks, construction workers, firemen, medical doctors, police officers, corporate executives, athletes, Marines and other military members, and generally anyone who works productively. **Conservatives who own companies hire other conservatives who want to work for a living.**

Liberals produce little or nothing. They like to govern the producers and decide what to do with the production. Liberals believe Europeans are more enlightened than Americans. That is why most of the liberals remained in Europe when conservatives were coming to America. **They crept in after the Wild West was tamed and created a business of trying to get more for nothing.**

Here ends today's lesson in world history: It should be noted that a Liberal may have a momentary urge to angrily respond to the above before realizing the absolute truth of it. Conservatives will simply laugh knowing that they have been right all along and immediately forward the information to other Conservatives and maybe a few Liberals, just to pizz them off.

## Food for Thought

*The material conditions of life will continue to get better for most people, in most countries, most of the time, indefinitely. Within a century or two, all nations and most of humanity will be at or above today's Western living standards.* Julian Simon, Professor of Economics, University of Maryland.

## PARENT ALERT: Help Keep Filth Away from Young Minds

*Should this kind of book be available at the Young Adult area of any Ohio Public Library?*

The Cleveland Public Library ([www.cpl.org](http://www.cpl.org)) is purchasing the Yaoi (yaoi = male to male sex in Japanese) comic book **Kiss of Fire**, by Youka Nitta. We asked the CPL's Director, Mr. Andrew Venable ([Andrew.Venable@cpl.org](mailto:Andrew.Venable@cpl.org)) to make sure this book is not available in their Young Adult area (YA=kids under 18). They already have *Yellow* (volume 2), by Makoto Tateno available for minors. The CPL classifies these books under "gay men" and "erotic comic books" and their audience is to be Young Adults! We offered a link to pictures of Yaoi so Mr. would understand why this kind of literature should not be available to children. Too graphic to be printed: [www.guidemag.com/temp/yaoi/a/mcharry\\_yaoi.html](http://www.guidemag.com/temp/yaoi/a/mcharry_yaoi.html). Mr. Venable sent a vague answer explaining that *if* the CPL has shelved materials "inappropriately" they will be "shelved in the proper areas." Hopefully Mr. Venable is not going to give this task to the same ones responsible for shelving this filth in the wrong place!

## Keeping Age-Inappropriate Literature Away from Minors

Alert Congressmen and Senators to what is available in Ohio Public Libraries for minors:

☞ Ohio House of Representatives: <http://www.house.state.oh.us/index.html>

☞ Ohio Senate: <http://www.senate.state.oh.us/index.html>

When they get a Library card, parents sign the most benign and vague disclaimer of their responsibility for what their children borrow (\*); they don't even get a copy of this contract. Schools have flashing lights, speed limit signs, special cross walks and crossing guards – because children do not exercise good judgment. Why are they treated different in Libraries? To help parents Libraries should offer a card that will limit the kind of books minors can check out and keep age-inappropriate materials restricted to the Adult department.

☞ Sandusky Public Library (\*\*), 114 W. Adams St., Sandusky OH, 44870  
Phone: 419- 625-3834, Fax: 419-625-4574 E-mail: [comments@sandusky.lib.oh.us](mailto:comments@sandusky.lib.oh.us)  
Board of Directors: <http://www.sandusky.lib.oh.us/public/aboutthelibrary.asp>

☞ Huron Public Library, 333 Williams St., Huron OH 44839

☞ Other Libraries: <http://www.publiclibraries.com/ohio.htm>

(\*) See last document of letter # 3: <http://www.plan2succeed.org/grassroots/letters.html>

(\*\*) **The Sandusky Library has actually moved most age-inappropriate books to its Adult area and for this we are grateful. We hope the librarian will continue on this path.**

## WE NEED YOUR HELP!

Please join with us and help us change the language of ORC § 2907.31., by eliminating language that exempts librarians and teachers from prosecution and adding language that mandates prosecution for violations. Our children should not be exposed to age-inappropriate materials for “educational” purposes. Please, write a (**Certified**) letter to your Representatives asking them to review this law and eliminate the exemption for *teachers and librarians*, and require *no exemption without parental consent*.

- **Congress:** <http://www.house.state.oh.us/jsps/Representatives.jsp>

- **Senate:** <http://www.senate.state.oh.us/senators/index.html>

If you do not have access to the Internet, write to us (P.O. Box 286, Huron OH 44839) and we will be glad to provide the information for you. Below is a suggested letter to be sent to your Senator/Representative:

*Date*

*Representative/Senator name & address*

*Dear Senator/Representative \_\_\_\_\_:*

*I recently became aware that sexually graphic, harmful, and obscene books and materials can be found in children's sections of Ohio Public Libraries. Since Ohio Public Libraries are funded by 5.7% of Ohio Income taxes, we are all stakeholders.*

*It seems there is language in the Ohio Revised Code that permits the dissemination of harmful and obscene materials to minors in Ohio Public Libraries and Schools. I ask that you refer to **§2907.31. Disseminating matter harmful to juveniles, section (C) (1)**. The text of this section is as follows:*

*It is an affirmative defense to a charge under this section, involving material or a performance that is obscene or harmful to juveniles, that the material or performance was furnished or presented for a bona fide medical, scientific,*

*educational, governmental, judicial, or other proper purpose, by a physician, psychologist, sociologist, scientist, teacher, librarian, clergyman, prosecutor, judge, or other proper person.*

*It seems public libraries and schools do not require explicit permission from legal guardians to disseminate harmful and obscene materials. Since our libraries and schools no longer seem to be able to discern "educational" and "scientific" materials from prurient materials, I ask that you return control of dissemination of these materials to the parents of minor children.*

*Please review this law, strike the exemption for teachers and librarians, and add language that would mandate local review and prosecution.*

*Respectfully,  
Your name  
Complete address*

## Deep Thoughts and Other Idiocies
